- IdeaGist –Pilot Cohort 2- Entrepreneurship Training
- Patent Filed

Disinfection of LCWU campus

ORIC- LCWU has provided disinfectant, spray pumps, fogger and Scanner thermometer for administrative department and security staff on duty as precautionary measures against Corona. This disinfectant was in accordance to WHO guidelines.

Prof. Dr. Farkhanda Manzoor,

Director ORIC handed over these items to estate office and security cell for use.

Disinfection of LCWU campus

The Admin Block and offices and classrooms were disinfected. Scanner thermometers were given to security personnel at the entrance gate to check the temperature of the individual

entering university premises; if anyone will have fever then he/she will not be allowed to enter the university premises. This is a major precautionary step against COVID-19 in LCWU campus.

Awareness regarding COVID 19

Leaflets and banners were distributed and displayed on the entrance of LCWU to create awareness regarding COVID 19 among

students and faculty. These banners and leaflets were printed in Urdu. The safety guidelines were clearly stated along with

Awareness regarding **COVID 19**

COVID-19 listed. Moreover, ORIC affiliated colleges and other universities of Lahore. dispatched these leaflets to

Lecture on **How to properly dispose used masks in COVID 19**

Director ORIC, Prof. Dr. Farkhanda Manzoor, recently, gave a lecture on how to properly

dispose of used mask as this mask can spread COVID-19 among stray animals and sanitary

workers. This lecture was uploaded on leaflets to webtv LCWU and ORIC facebook page. The link is here;

Book COVID-19

ORIC staff members are working on publishing a book on COVID-19, which will be launch soon. This book includes all the

factors affecting COVID-19 and also highlight the research conducted against coronavirus.

Session on
**ChangeMaking
INTELLIGENCE**
in Collaboration with
**YES Network
Pakistan**

ORIC-LCWU has organized an online session on Change Making Intelligence in Collaboration with YES Network Pakistan on 24th June, 2020. Mr. Ali Raza Khan, CEO YES Network, talked about a new term “Changemaking Intelligence” to introduce a new kind of intelligence in society. In his upcoming book “Changemaking Intelligence”, Mr. Ali has boldly challenged the existing

people from education system that is grounded in the past and preventing young inventing and innovating. In this session, he has discussed what change making intelligence is and how is it different from other intelligences and how we can embed this concept in educational institutions? The session was uploaded on ORIC facebook page and webtvLCWU.

IdeaGist –Pilot Cohort 2- Entrepreneurship Training

Mr. Syed Hassan, CEO - IdeaGist, started his incubator in 2012. In 2019, IdeaGist announced an increase in its technology investment from \$55 million to \$100m to support Prime Minister Imran Khan's vision on entrepreneurship and innovation in emerging technologies. The vision of LCWU is to provide quality education, accessible to all in order to produce empowered, creative women leaders in order to produce employable and entrepreneurial graduates who can contribute effectively to the job market. Keeping this vision in mind; ORIC-LCWU established liaison with IdeaGist, in order to

enroll LCWU student for Cohort II of IdeaGist in April, 2020. The deadline of the registration was 26th April, 2020. 113 applications were received from LCWU. The shortlisted startup had unlimited access to online resources for conversion of their ideas into successful business. Online Graduation Ceremony will be held in the beginning of July, 2020; 15 startups will be graduating. Prof. Dr. Bushra Mirza, Worthy Vice Chancellor LCWU, will be addressing the audience on this auspicious event. Applications are open for Cohort III of this program till 30th July, 2020.
