

FACULTY OF MANAGEMENT & ADMINISTRATIVE SCIENCES

DEPARTMENT OF MANAGEMENT SCIENCES

OVERVIEW

Department of Management Sciences was established in Lahore College for Women University in 2001 with the aim of providing necessary expertise to female students required to become an effective member of any business enterprise. The department strongly believes in providing quality education through innovative teaching and quality research.

Management Sciences Department has contributed a lot towards providing the students with pertinent skills to critically analyze and investigate real managerial and organizational problems. These problems could be sorted out in comprehensive manner by using strategic management, entrepreneurship, project management, managerial finance, and information systems design. Often, these solutions involve computerization and information systems, organizational change and restructuring. It also requires knowledge of the industry and functional business areas.

Department of Management Sciences has always focused on providing quality education to students by providing them practical exposure to industry and manufacturing concerns. Students are provided an opportunity of field trips and seminars to reputable institutions like LCCI, Wall's, etc.

LEARNING OBJECTIVES:

- To develop understanding of business concepts and issues, think independently and to make rational choices.
- To develop students with outstanding managerial skills, providing them practical exposure, expertise in decision making, and a capacity for sustained hard work.
- To encourage them to take responsibility for their own learning, to become active participants and leaders, and to apply their knowledge in real-world context.
- To develop social and cognitive skills such as self-confidence, poise, and verbal and non-verbal communication skills.
- To provide quality education and extensive learning to sharpen and polish their academic knowledge.

OUTCOMES:

- Students will have command over the core concepts of humanities, management, accounting, banking, finance, and marketing.
- Students will be able to gain employment opportunities in various fields like lecturership, multinationals, banking sector, private as well as public sector after getting equipped with final degree.
- Students will have effective communication and strong interpersonal skills that will be helpful in establishing professionalism in them.
- Students would be able to apply their learned knowledge to sort out uncertainties facing the industry and business for informed decision making.
